MOTION FOR EXTENSION OF TIME

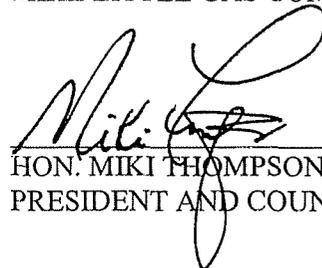

Comes Now Miki Thompson, Counsel for Mike Little Gas, and moves for an Order extending the time in which to comply with the Orders of the Commission, regarding the replacement of steel pipe. As grounds therefor, Counsel would show that Mike Little Gas Company, Inc. has worked diligently to comply with the Orders of the Commission in accordance with the time allowed and in fact has completed each and every task ordered by the Commission in a timely manner, with the exception of steel pipe replacement.

As basis for the Motion herein, counsel represents that there has been an unanticipated delay which may cause the company to be unable to complete the last ordered task of replacing steel pipe on or before October 1, 2007. The unanticipated interruption in pipe replacement has occurred due to the prolonged amount of time and manpower it has taken to locate a gas leak in the Goble Roberts section, which has required relocation of a large section of pipe. The company expects pipe replacement to resume within one week and it is not certain whether due to the delay, whether the replacement can be completed on time.

WHEREFORE Mike Little Gas Company, Inc. is requesting an extension of time, until November 1, 2007, to comply with the orders of the Commission.

RESPECTFULLY SUBMITTED,
MIKE LITTLE GAS COMPANY, INC.
